Yacht Deliveries & Marine Surveyors

Need a boat moved by sea...across the channel...across the Atlantic...to or from the Med...in or out of Rye...to any other port?

Entrust your vessel to us!

All skippers are qualified Yachtmasters as indeed are most of the crew.

Additionally we carry out marine surveys on yachts and small craft and give free shakedown survey reports on deliveries over 500 miles.

All we ask of you is that your yacht is seaworthy. Payments are half at commissioning and the remainder at the port of destination.

Chippendale Craft

Boatbuilders of Distinction

Builders of the 19 foot Chippendale Otter and the 15 foot Chippendale Sprite

'If you enjoy the idea of some leisurely exercise on your favourite river, lake and sheltered estuaries, I can thoroughly recommend this craft. She will delight you with her performance and give that warm pride of ownership that comes from owning a lovely wooden boat.'
